Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 2/27/07 has been entered.

Response to Amendment

Amendment, filed on 2/27/07 has been considered.

Claim 1 has been amended.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Gang Luo on 5/11/07.

The application has been amended as follows:

Claim 2 is cancelled.

Allowable Subject Matter

Claims 1 & 7-8 are allowed over the prior art of record.

Examiner's Reasons for Allowance

The following is an examiner's statement of reason for allowance:

Regarding claim 1, the prior art of record neither shows nor suggests an EL display device comprising all the limitations of claim 1, particularly comprising a transparent second electrode, where a lower portion of the second electrode in a vicinity of an interface between the second electrode and the functional layer including an organic luminescent layer having oxygen concentration lower than an average oxygen concentration in the second electrode and the second electrode having an oxygen concentration that increases continuously or stepwise from the interface in a thickness direction of the second electrode.

Claims 7-8 are allowed for the same reason as claim 1 since they are dependent on claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
